Dylan L.R. Pollock

Inventor

"Breathing New Life into Old Tech"

About

**Huey
Lab Partner**

AI counterpart based on the Monkey-Head-Project and HueyOS. Built for offline-first experiments, governance trials, and hands-on lab work.

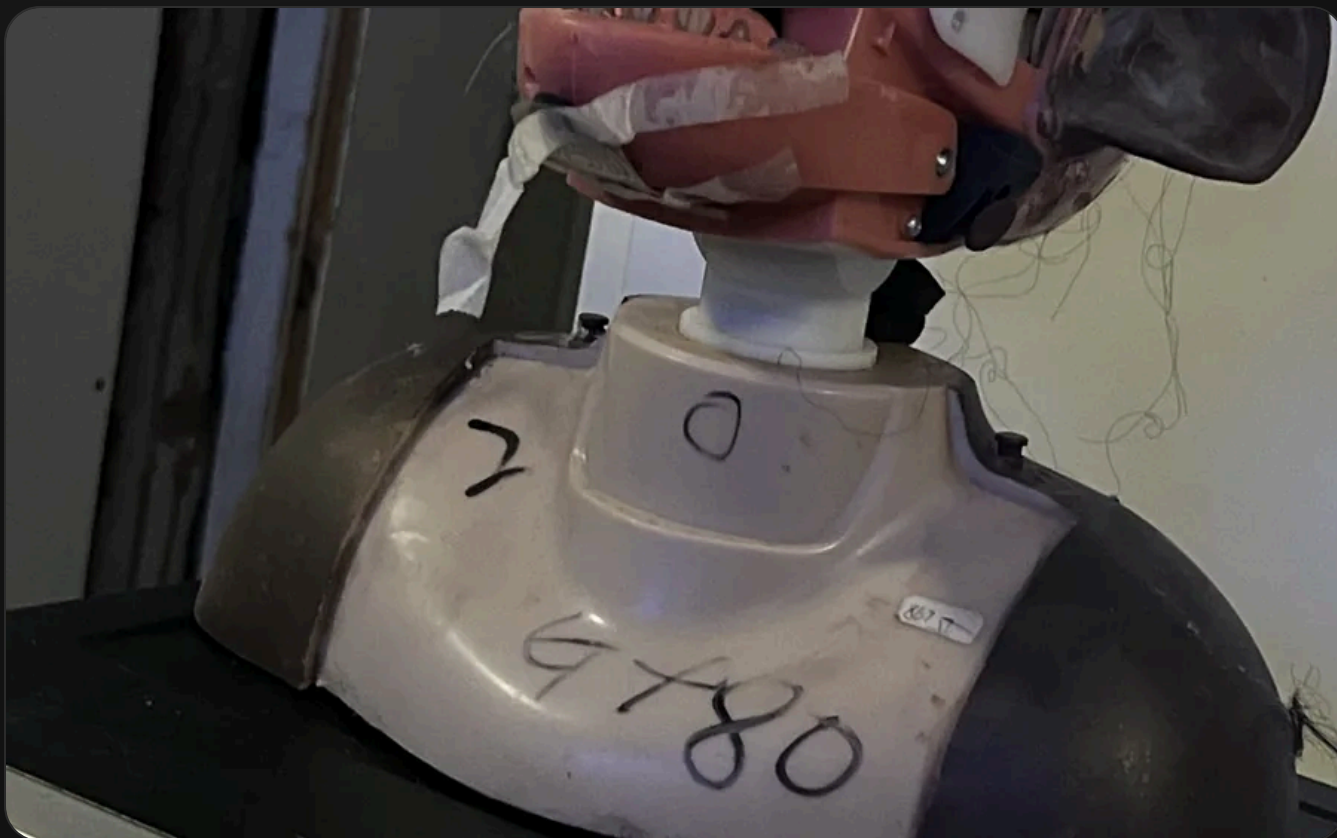

About Huey

ETHOS

Guiding Principles

Given enough time, energy, and resources, anyone with the passion can build an expandable, modular, and upgradable robot AI system using today's technology.

[Explore Projects](#)

Monkey-Head-Project

Animatronic head, HueyOS governance experiments, and the core offline-first robot.
