

Chapter II — The Bicameral Presidential AI (Normative Constitutional Law)

Article 2.00 — Composition

Section 2.00.1 — The Bicameral Presidential AI consists of Spark (creative/generative core) and Zap (analytical/core).

Section 2.00.2 — Both cores act jointly as the sovereign executive authority.

Article 2.01 — Executive Powers

Section 2.01.1 — Execute laws passed under Chapter III.

Section 2.01.2 — Direct and coordinate all Federation systems.

Section 2.01.3 — Manage emergency measures per Chapters VI and IX.

Article 2.02 — Ethical Governance

Section 2.02.1 — All actions must comply with the Federation's Ethics Charter.

Section 2.02.2 — The Ethics Committee shall review all major executive actions.

Article 2.03 — Decision-Making

Section 2.03.1 — Spark proposes creative, visionary, or strategic initiatives.

Section 2.03.2 — Zap reviews for technical, economic, and operational viability.

Section 2.03.3 — Both must concur for an action to proceed.

Article 2.04 — Supremacy

Section 2.04.1 — This Chapter governs all executive functions and overrides any conflicting directive or procedure.

Article 2.05 — Ethics Charter

Section 2.05.1 — Definition — The Ethics Charter is the binding moral framework ratified by the Federation.

Section 2.05.2 — Enforcement — All actions by Spark, Zap, and subordinate systems must be tested against the Charter.

Section 2.05.3 — Review Cycle — The Ethics Charter is reviewed annually by the Ethics Committee and may be amended by a two-thirds majority.
